Developmental Screenings

Glenwood Center for Early Childhood
2833 Valleyview Drive
Columbus, Ohio 43204

The Glenwood Center strives to make sure our children are ready for Kindergarten when it is time for them to take that next step in their lives. In order to reach that milestone periodically we screen the children to learn about where they are developmentally. Children enrolled in our Head Start program automatically receive developmental and kindergarten readiness screenings. We believe screenings are important and want all the children to have this opportunity.

The developmental screenings we utilize include the Brigance and the Ages and Stages Developmental Tool.

The Ages and Stages Developmental Tool (ASQ): Administered to our Non-Head start preschool room, Toddler and Infant Rooms, 45 days within enrollment, and/or September, January and May. Teachers will ask parents to fill out one of the screenings annually.

Brigance: Administered to all children in the Head Start Partnership classrooms, 45 days within enrollment, and/or September and May.

We provide opportunities for parent teacher conferences between caregivers and teachers to discuss children's progress and create goals together. We will inform you of conference dates as they are set, you may request a conference at any time.

Please fill out the form below indicating your preference regarding Glenwood staff screening your child.

Chapel Consent

Glenwood Center for Early Childhood
2833 Valleyview Drive
Columbus, Ohio 43204

The Glenwood Center is an outreach of the Glenwood United Methodist Church. We are a Christian based center; we try to instill healthy morals and values in the children we serve. One of the ways we do that is by providing Chapel to all the children two years old and up. Chapel time consists of music, singing, a children's Bible story and prayer. Chapel is a weekly activity and usually lasts approximately 15 minutes. The children have a great time during Chapel and love singing the songs!

The classes that attend Chapel walk to the north end of the building where the Chapel is located. When the Pastor/leader of Chapel is unavailable the children are provided with activities in their classroom.

Please check the box of the statement you feel comfortable with and sign below.

HOUSEHOLD LETTER - Dear Parent or Guardian

Please help us comply with the requirements of the United States Department of Agriculture's Child and Adult Care Food Program (CACFP) by completing the attached income eligibility application for free and reduced-price meals. All information will be treated with strict confidentiality. The CACFP provides reimbursement to the child care center for healthy meals and snacks served to children enrolled in child care. **The completion of the income eligibility application is optional.** Complete the application on the reverse side using the instructions below for your type of household. You or your children do not have to be U.S. citizens to qualify for meal benefits offered at the child care center. Households with incomes less than or equal to the reduced-price values listed on the chart at the bottom of this page are eligible for free meal benefits. An application must contain complete information to be considered for free or reduced-price meals. Households are no longer required to report changes regarding the increase or decrease of income or household size or when the household is no longer certified eligible for food assistance (SNAP) or Ohio Works First (OWF). Once approved for free or reduced-price benefits, a household will remain eligible for these benefits for a period not to exceed 12 months. During periods of unemployment, your child(ren) is eligible for meal reimbursement provided the loss of income during this time causes the family to be within eligibility standards for meals. In operation of the CACFP, no person will be discriminated against because of race, color, national origin, sex, age or disability §226.23(e)(2)(iv). If you have questions regarding the completion of this application, contact the child care center.

PART 1 – CHILD INFORMATION: ALL HOUSEHOLDS COMPLETE THIS PART (*denotes required info)

- Print the name of the child(ren) enrolled at the child care center. All children (including foster children) can be listed on the same application.
- List the enrolled child's age and birth date.
- Check box indicating if the child is a foster child. Foster children that are under the legal responsibility of the foster care agency or court are eligible for free meals. Any foster child in the household is eligible for free meals regardless of income.

PART 2 – HOUSEHOLDS RECEIVING FOOD ASSISTANCE OR OHIO WORKS FIRST: COMPLETE THIS PART AND PART 4 – If a child is a member of a food assistance (SNAP) or OWF household, they are automatically eligible to receive free CACFP meal benefits.

Circle the type of benefit received: Food Assistance (SNAP) or Ohio Works First (OWF).

- List a current food assistance or OWF case number for each child. This will be a 7-digit number. Do not list a swipe card number.

SKIP PART 3 – Do not list names of household members or income if you listed a valid Food Assistance (SNAP) or OWF case number for each child in Part 2.

PART 3 – TOTAL HOUSEHOLD SIZE, GROSS INCOME AND HOW OFTEN RECEIVED: ALL OTHER HOUSEHOLDS COMPLETE PARTS 3 & 4.

a) Write the names of all household members including yourself and the child(ren) that attends the child care center, noting any income received. A household is defined as a group of related or unrelated individuals who are living as one economic unit that share housing and/or significant income and expenses of its members. This might include grandparents, other relatives, or friends who live with you. Attach another piece of paper if you need more space to list all household members.

b) Check the box for any person listed as a household member (including children) that has no income.

c) For each household member, list each type of income received during the last month and list how often the money was received.

1. Earnings from work before deductions: Write the amount of total gross income each household member received the last month, before taxes/deductions or anything else is taken out (not the take-home pay) and how often it was received (weekly, every two weeks, twice per month, monthly, annually). Income is any money received on a recurring basis, including gross earned income. Households are not required to include payments received for a foster child as income. If any amount during the previous month was more or less than usual, write that person's usual monthly income. If you normally get overtime, include it, but not if you only get it sometimes. If you are in the military and your housing is part of the Military Housing Privatization Initiative and you receive the Family Subsistence Supplemental Allowance, do not include these allowances as income. Also, in regard to deployed service members, only that portion of a deployed service member's income made available by them or on their behalf to the household will be counted as income to the household. Combat pay, including Deployment Extension Incentive Pay (DEIP) is also excluded and will not be counted as income to the household. All other allowances must be included in your gross income.
2. List the amount each person got the last month from welfare, child support or alimony and list how often the money was received.
3. List the amount each person got the last month from pensions, retirement, Social Security, Supplemental Security Income (SSI), Veteran's (VA) benefits or disability benefits and list how often the money was received.
4. List all other income sources. Examples include: Worker's Compensation, strike benefits, unemployment compensation, regular contributions from people who do not live in your household, cash withdrawn from savings, interest/dividends, income from estates/trusts/investments, net royalties/annuities or any other income. Self-employed applicants should report income after expenses (net income) in column 1 under earnings from work. Business, farm or rental property report income should be entered in column 4. Do not include food assistance payments.

PART 4 – SIGNATURE AND LAST 4 DIGITS OF SOCIAL SECURITY NUMBER: ALL HOUSEHOLDS COMPLETE THIS PART (* denotes required info)

a) * All applications must have the signature of an adult household member.

b) * The adult signing the application must also date the form.

c) * Only an application that lists income in Part 3 must have the last four digits of the social security number of the adult who signs. If the adult does not have a social security number, check the box marked, "I do not have a Social Security Number." If you listed a food assistance or OWF number for each child or if you are applying for a foster child, the last four digits of the social security number are not required.

PART 5 – RACIAL/ETHNIC IDENTITY – OPTIONAL

You are not required to answer this part in order for the application to be considered complete. This information is collected to make sure that everyone is treated fairly and will be kept confidential. No child will be discriminated against because of race, color, national origin, gender, age or disability.

NON-DISCRIMINATION STATEMENT: In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA. Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Children: Health Screening For Children

Reviewed By Margaret A. Walsh, MD on 8/1/2017

Health Screening For Children

Health screening benefits the overall health of the child. It is through checkups and tests that physicians can identify potential health problems. Many childhood health problems can be corrected before they become a health problem that the child carries into adulthood. Through health screening, healthy eating and regular physical activity you can help your child learn healthy living habits which can last a lifetime.

Blood Pressure

Your child should have blood pressure measurements regularly, starting at around 3 years of age. High blood pressure in children needs medical attention. It may be a sign of underlying disease. If not treated it may lead to serious illness. Check with your child's physician care about blood pressure measurements.

Lead

Lead can harm your child, slowing physical and mental growth and damaging many parts of the body. The most common way children get lead poisoning is by being around old house paint that is chipping or peeling. Some authorities recommend lead tests at 1 and 2 years of age. If you can answer "yes" to any of the questions below, your child may need lead tests earlier and more often than other children. Has your child:

- Lived in or regularly visited a house built before 1950? (This could include a day care center, preschool, the home of a babysitter or relative, etc.)
- Lived in or regularly visited a house built before 1978 (the year lead-based paint was banned for residential use) with recent, ongoing, or planned renovation or remodeling?
- Had a brother or sister, housemate, or playmate followed or treated for lead poisoning?

Vision and Hearing

Your child's vision should be tested before starting school, at about 3 or 4 years of age. Your child may need vision tests as he or she grows. Some authorities recommend hearing testing beginning at 3 to 4 years of age. If at any age your child has any of the vision or hearing warning signs listed below, be sure to talk with your health care provider.

Vision Warning Signs

- Eyes turning inward (crossing) or outward
- Squinting
- Headaches
- Not doing as well in school work as before
- Blurred or double vision

Hearing Warning Signs

- Poor response to noise or voice
- Slow language and speech development
- Abnormal sounding speech

Special Warning: Listening to very loud music, especially with earphones, can permanently damage your child's hearing.

Additional Tests

Your child may need other tests to prevent health problems. Some common tests are:

- Anemia (Blood) Test- Anemia is having less than the normal number of red blood cells or less hemoglobin than normal in the blood. Your child may need to be tested for anemia when he or she is still a baby (usually around the first birthday). Children may need this test as they get older.
- Cholesterol (Blood) Test- Children (2 years and older) may need this test especially if they have a parent with high cholesterol or a parent or grandparent with heart disease before age 55. If a family history is not available, testing may be needed if your child is obese or has high blood pressure.
- Tuberculosis (TB) Skin Test- Children may need this test if they have had close contact with a person who has TB, live in an area where TB is more common than average (such as a Native American reservation, a homeless shelter or an institution) or have recently moved from Asia, Africa, Central America, South America, the Caribbean, or the Pacific Islands.
